

Congress programme (smaller changes may occur)

Oral presentations are organised into “streamers” that delegates can follow throughout the programme. Streamers include the following topics:

▪ **Cancer and palliative care**

- Integration of oncology and palliative care
- Early palliative care interventions
- Delirium: Assessment and treatment
- End-of-life care and quality of dying
- Interventions and symptom control
- Symptom assessment

▪ **Public Health & Policy**

- Public health research
- Minority groups & social inequalities
- End-of-life Care & quality of dying
- Health policy
- Public health & Policy
- Health Economics

▪ **Ageing & Palliative Care**

- Care for people with dementia
- Communication and information in older people
- Quality of care in older people

▪ **Free standing sessions**

- Family Carers
- Advance Care Planning
- Education Research
- Palliative care in diverse chronic illness

▪ **Method discussion sessions**

- Randomized controlled trials
- Qualitative research methods

23 May

Group meetings – open meetings will be announced shortly.

24 May

0930-1055	Opening ceremony	Speaker
0930-0940	Music	
0940-0950	Welcome and housekeeping by chair of the organising committee	Eychmüller, S
0950-1000	Welcome by the President of the federal government of Switzerland	Berset, A
1000-1010	Welcome by the Mayor of the City of Bern	von Graffenried, A
1010-1020	EAPC RN anniversary + scientific programme	Kaasa, S
1020-1030	EAPC anniversary	Larkin, P
1030-1040	Music	
1040-1200	Plenary I	
1040-1115	Ventafridda lecture	Higginson, I
1115-1140	Early Researcher Award: Integrating palliative care aside curative treatment in hemato-oncological diseases	LeBlanc, TW
1140-1200	Efficacy and Side Effect Profile of Olanzapine versus Haloperidol for Symptoms of Delirium in Hospitalized Patients with Advanced Cancer: A Multicenter, Investigator-blinded, Randomized, Controlled Trial (RCT)	Neefjes, E

1400-1530

		Free communication session: Integration of oncology and palliative care	Cancer and palliative care
1400-1415	233	Indicators of Integration at European Society of Medical Oncology (ESMO) Designated Centres of Integrated Oncology and Palliative Care	Hui, D
1415-1430	552	A Review of Cancer-directed Treatments and Palliative Care Provided to Solid Tumour Oncology Patients in the 12 Weeks Preceding Death at an Irish University Hospital	Mallett, V

1430-1445	626	Everyone Wants to Contribute - A Focus Group Study of Inter-professional Collaboration and Integration in Oncology and Palliative Care	Lundeby, T
1445-1500	150	Development and Evaluation of Digital Curriculum in Palliative Care for Oncology Fellows	Von Gunten; C
1500-1515	893	Association between Palliative Care Follow-up and Aggressiveness of Cancer Care Near the End of Life	Monier, P. A
1515-1530	505	Integrated Oncology and Palliative Care: Analysis of a New Service for Cancer Patients	Kano, Y

1200-1530

		Swiss session	
		Programme to be confirmed	

1400-1530

		Free communication session: Public health research	Public Health & Policy
1400-1415	837	What Matters Most for the Dutch Public in Palliative Care: A Survey	van der Velden, A
1415-1430	953	End of Life Care Sustainability and Transformation Partnership Tool: Informing Decision Making and Planning of End of Life Care Services through Partnership Working	Verne, J
1430-1445	420	Support for Family Caregivers in Specialized Palliative Care: A Cross-sectional Survey Study	Vermorgen, M
1445-1500	664	Feasibility of Different Action-oriented Techniques Used with Patients, Family and Staff in Sweden to Improve the End-of-Life Care Environment in an Action-research Project	Goliath, I
1500-1515	532	The Impact of Bereavement on Health and Mortality among Older Adults: A Nationwide, Matched Prospective Cohort Study	Morin, L
1515-1530	1004	Integrated Palliative Care from the Perspectives of Palliative Patients with Advanced COPD, Heartfailure, and Cancer: A Social Network Analysis in Five European Countries	Hasselaar, J

		Free communication session: Care for people with dementia	Ageing & Palliative Care
1400-1415	348	Attitudes of Carers of Nursing Home Residents towards Palliative Care in Dementia: Results of the EU FP7 PACE Cross-sectional Study in Six EU Countries	Miranda, R
1415-1430	257	Consensus on Treatment Decisions for Residents at the End of Life in Long Term Care Facilities: Results of a Cross-sectional Study in 6 European Countries (PACE)	ten Koppel, M
1430-1445	670	Collaborative Approach between Clinical and Academic Experts in Dementia Care to Improve Clinical Effectiveness and Priorities for Research	Kinley, J
1445-1500	834	A National Retrospective, Cross-sectional Study of End of Life Clinical Quality and Symptoms for Those with Dementia in Residential Aged Care in New Zealand	Boyle, M
1500-1515	237	Quality of Palliative End-of-Life Care in Patients with Dementia Compared to Patients with Cancer – A Population-based Register Study	Martinsson, L
1515-1530	199	Barriers and Facilitators for GPs in Dementia Advance Care Planning: A Systematic Integrative Review	Tilburgs, B

1630-1800

		Free communication session: Early palliative care interventions	Cancer and palliative care
1630-1645	959	A Structured Early Palliative Care Intervention for Patients with Advanced Cancer – A Randomized Controlled Trial	Eychmüller, S
1645-1700		TBD	
1700-1715	537	Suffering Begins Early: Symptoms and Needs of Head and Neck Cancer Patients at Diagnosis of Incurability – A Prospective Longitudinal Multicenter Cohort Study	Alt-Epping, B
1715-1730	772	Palliative Care Early and Systematic (PaCES): Barriers to Providing	Earp, M

		Palliative Care to Advanced Colorectal Cancer Patients. A System-wide Survey of Gastrointestinal Oncology Clinicians' Perceptions	
1730-1745	886	The Effects of Early and Systematic Integration of Palliative Care in Caregivers of Patients with Advanced Cancer: A Randomized Controlled Trial	Vanbutsele, G
1745-1800	205	Need for Early Identification of Palliative Patients in the Emergency Department to Decide Best Supportive Strategies	Slankamenac, K

		Themed session: Nursing research in palliative care	
1630-1650		Community Palliative Care: What is the evidence?	McIlpatrick, S
1650-1710		Nursing research involvement in advance care planning	Bakitas, M
1710-1730		Nursing research at the end of life – what is the evidence telling the practice	(Saskia) Teunissen, C.C.M.
1730-1800		Discussion	

		Free communication session: Minority groups & social inequalities	Public Health & Policy
1630-1645	166	Dying in Prison: The Impact on Prison Officers in the United Kingdom	Turner, M
1645-1700	871	“Dying with a Clear Mind.” Views of Moroccan Muslim Women in Antwerp (Belgium) on Palliative Sedation	Ahaddour, C
1700-1715	1059	Spiritual Concerns among Muslim Cancer Patients in a Secular Society	Boelsbjerg, H.B.
1715-1730	1079	The Potential of Exploratory Action Research to Promote Access to End of Life Care for People of South Asian Ethnicity with End Stage Kidney Disease - Implications for Inequality Research and Clinical Practice	Wilkinson, E
1730-1745	1039	Social Inequalities and Symptom Burden within Palliative Care	Lloyd-Williams, M
1745-1800	407	Assessing Racial Disparity in Palliative Care Consultation and the Impact of Palliative Care Consultation on Hospice: A Multi-hospital Analysis	O'Mahony, S

		Free communication session: Communication and information in older people	Ageing & Palliative Care
1630-1645	717	End-of-Life Decisions for People Dying of Dementia: A Nation-wide Survey in Flanders	van Dael, A
1645-1700	316	Understanding the Factors Associated with Patients with Dementia Achieving their Preferred Place of Death: A Retrospective Cohort Study	Wiggins, N
1700-1715	895	"If Your Heart Were to Stop..." - Physicians' Strategies in Discussing Code Status Preferences with Newly Hospitalized Geriatric Patients	Sterie, A.C
1715-1730	768	Care Staff's Self-efficacy Regarding End of Life Communication in Long Term Care Facilities: Results of a Cross-sectional Study in 6 European Countries (PACE)	ten Koppel, M
1730-1745	1052	Efficacy of Fact Boxes for Informing Decision-making on Burdensome Medical Interventions in Advanced Dementia	Loizeau, A
1745-1800	430	It's the Family That Matters: A Systematic Review of the Influences on Care Preferences of Older People with Advanced Illness	Etkind, S.N

25 May

0900-1030	Plenary II	Speaker	Comment
0900-0905	Paper of the year award – Palliative Medicine		
0905-0910	EJPC Policy Award		
0910-0935	Early Researcher Award: Time matters: appropriate integrating of health care resources supports families and caregivers	Collins, A	Short intro
0935-1000	Early Researcher Award: Lessons to be learned from children and adolescents approaching end of life	Fraser, L	Short intro
1000-1015	Timing of Referral to Hospice-based Specialist Palliative Care before Death:	Allsop, M	

	A National Retrospective Cohort Study in the UK		
1015-1030	Early and Systematic Integration of Palliative Care in Multidisciplinary Oncology Care: A Randomized Controlled Trial	Vanbutsele, G	

1100-1230

		Free communication session: End-of-life Care & quality of dying	Public Health & Policy
1100-1115	139	Differences in Primary Palliative Care between People with Organ Failure and People with Cancer: An International Mortality Follow-back Study Using Quality Indicators	Penders, Y.W.H
1115-1130	940	Compassion without Borders: Palliative Care Providers' Perspectives on Challenges and Facilitators to Compassion	Sinclair, S
1130-1145	206	Factors Associated with Symptom Relief in Residential Care Homes; A National Register Study	Andersson, S
1145-1200	509	Rehabilitation Goals towards the End of Life: Achieving what Matters to People with Advanced Disease in Hospice Care?	Fettes, L
1200-1215	515	Developments in the Practice of Palliative Sedation in the Netherlands (2005 - 2015)	Van der Heide, A
1215-1230	629	Quality of Death and Dying of Young Adult Patients with Cancer: Analyses of Combined Data from Three Nationwide Surveys among Bereaved Family Members	Mori, M

		Free communication session: Delirium: Assessment and treatment	Cancer and palliative care
1100-1115	1019	SQID; Can a Single Question Assist Clinicians to Identify Delirium in Hospitalised Cancer Patients?	Sands, M. B

1115-1130	591	Where Is the Evidence for the Nonpharmacological Management of Delirium in Adult Cancer Patients?	Bush, S. H
1130-1145	594	Evaluating the Current Evidence for the Pharmacological Management of Delirium in Adult Cancer Patients	Bush, S. H
1145-1200	288	Smoking and Nicotine Addiction among a Sample of Advanced Cancer Patients. Main Characteristics and its Relationship with the Edmonton Classification System for Cancer Pain	Canals-Sotelo, J
1200-1215	580	The Minimal Clinically Important Difference (MCID) for the Richmond Agitation Sedation Scale (RASS) in Patients with Agitated Delirium	Hui, D
1215-1230	972	Delirium Phenomenology Description in Advanced Cancer Patients Using the Memorial Delirium Assessment Scale (MDAS)	Noguera, A

		Free communication session: Family Carers	Free standing session
1100-1115	41	Grief Trajectories of the Development in Grief Symptoms of Family Caregivers from Pre-loss to Three Years Post-loss. A Population-based Longitudinal Cohort Study	Kjaergaard, M. N
1115-1130	906	Agreeing a Framework to Guide the Development of Bereavement Care in Palliative Care in Europe - A Delphi Study	Keegan, O
1130-1145	1021	Participation and Interest in Formal Support Services among Family Caregivers of Older Adults with High-burden Cancers	Dionne-Odom, J
1145-1200	165	Trajectories of Depressive Symptoms among Bereaved Caregivers of Terminally Ill Cancer Patients and Pre-loss Psychosocial Resources Differentiate these Trajectories	Kuo, S. C
1200-1215	167	Measurement Properties of the Anticipatory Grief Scale in a Sample of Family Caregivers in the Context of Palliative Care	Holm, M
1215-1230	982	Distress and Psychological Comorbidity in Family Caregivers of	Ullrich, A

		Advanced Cancer Patients Receiving Specialist Inpatient Palliative Care	
--	--	---	--

Themed session: Caring for palliative care patients at home			
1100-1120		The evidence of need for early integrated palliative care from diagnosis	Murray, S
1120-1140		The impact of Informal caregiving: Challenges and opportunities of conducting research	Grande, G
1140-1200		Intervention studies based in the community/primary care	Engels, Y
1200-1230		Discussion	

1430-1600

		Free communication session: Advance Care Planning	Free standing session
1430-1445	459	The Impact of Advance Care Planning on Hospital Deaths	Callender, T
1445-1500	448	Involvement in Medical Decision-making by a Cohort of Patients with Advanced Cancer across Six European Countries, the ACTION Study	Korfage, I
1500-1515	746	How Do Cultural Factors Influence Advance Care Planning in Progressive, Incurable Disease? A Systematic Review with Narrative Synthesis	Selman, L
1515-1530	806	Prevalence of Advance Directives among Nursing Home Residents in Switzerland	Schlögl, M
1530-1545	458	The Conceptual Models That Underpin Advance Care Planning for Advanced Cancer Patients and their Mechanisms of Action: A Systematic Review of Randomised Controlled Trials	Lin, C.P
1545-1600	703	Advance Care Planning Programs on the Web: A Scoping Review	van der Smissen, D

		Free communication session: Public health & Policy	Public Health & Policy
1430-1445	1071	A Population Study to Explore the Prevalence and Severity of Bowel Problems in Palliative Care	Clark, K
1445-1500	721	The Voice of European Volunteers: A Qualitative Analysis of Accounts of Volunteering in Palliative Care Contexts	Scott, R
1500-1515	507	Understanding Patient and Carer Perspectives of Transitions between Different Specialist Palliative Care Settings: Where Do We Go from Here?	Edwards, B
1515-1530	483	Evaluation of the Use of a Patient Held Record in Community Specialist Palliative Care	White, C
1530-1545	636	High Intensity of Healthcare Utilisation in the Last Phase of Life of Dutch Lung Cancer and Colorectal Cancer Patients	de Man, Y
1545-1600	605	Effect of a Model of Early Integration on Palliative Care Inpatients: Interrupted Time Series Analysis of Standardized National Outcomes	Michael, N

		Free communication session: Randomized Controlled Trials	Method discussion session:
1430-1445	989	Placebo and Methylphenidate Are Both Effective in Relieving Moderate to Severe Asthenia in Advanced Cancer Patients. Preliminary Results from a Multicenter Randomized Clinical Trial	Centeno, C
1445-1500	775	Effect of Sleep Hygiene on the Quality of Sleep of Patients with Advanced Cancer Referred for Palliative Care: A Randomized Controlled Trial	Chinchalker, G.G
1500-1515	614	Megestrol Acetate versus Dexamethasone for Appetite Improvement in Cancer Anorexia Cachexia: A Randomized Controlled Pilot Trial	Ostwal, S
1515-1530	130	Proactive Palliative Care for Patients with COPD (PROLONG): A Pragmatic Cluster Controlled Trial	Engels, Y
1530-1545	319	A Randomized Trial Examining the PISCES Intervention for Family Caregivers in Home Hospice	Demiris, G

1545-1600	535	Different Impact of Early Integrated Palliative Care for Inpatient and Out-patient Treated with Antineoplastic Therapy. Single Center Randomized Controlled Trial	Slama, O
-----------	-----	---	----------

		Themed session: Challenges in the design and application of economic evaluation in palliative care research	
1430-1450		Economy revisited: Evaluation of palliative care in multi-centre international studies	Normand, C
1450-1510		The terminally ill perspective: how cost-effective is a palliative care intervention for the family carer?	Fassbender, K
1510-1530		Disease trajectories: how databases can be used to reflect on quality indicators in palliative care	Cohen, J
1530-1600		Discussion	

1630-1800

		Free communication session: End-of-life care and quality of dying	Cancer and palliative care
1630-1645	398	End of Life Treatment of Metastatic Lung Cancer Patients in the Netherlands, a Population-based Study	Fransen, H
1645-1700	1028	Nationwide Cohort Study of the Aggressiveness of Cancer Care Near the End of Life for Children and Adults: Similarities and Differences	Gomes, B
1700-1715	317	“Striving for the Best against Time”: A Grounded Theory Model to Describe the End of Life of the Immigrant Hospitalised Cancer Patient	Sacchi, S
1715-1730	880	Age Variation in the Care from Diagnosis to Death for Cancer Patients: A Retrospective Longitudinal Study in a UK Cancer Population	Ziegler, L
1730-1745	200	The Association of Financial Difficulties with Good Death among Patients with Advanced Cancer: Results from COMPASS Study	Malhotra, C
1745-1800	619	Meaning and Purpose (MaP) Therapy II for Individuals Living with Advanced Cancer: Feasibility, Acceptability and Preliminary Effects	Kissane, D

		Free communication session: Quality of care in older people	Ageing & Palliative Care
1630-1645	872	Large Differences Found in the Organisation of Palliative Care in European Nursing Homes: EU PACE Study Investigated Core Structural Quality Indicators in 305 Nursing Homes in Six EU Countries	Van den Block, L
1645-1700	538	Criteria for Adequate and Inadequate Drug Prescribing in Older Adults near the End of Life: European Expert Consensus	Morin, L
1700-1715	832	Rituals and Social Practices Revealing Characteristics of a Good Death in NZ Residential Aged Care Facilities	Balmer, D
1715-1730	697	Quality of End-of-Life Care for Nursing Home Residents in Six European Countries: Findings of the PACE Study	Pivodic, L
1730-1745	266	Seven Strategies to Promote Linkages between Aged Care and Palliative Care: Results of a Systematic Literature Review	Rosenberg, J
1745-1800	341	Quality of Primary Palliative Care for the Old, Older, and Oldest-old: A Mortality Follow-back Study in Belgium	de Nooijer, K

		Free communication session: Health policy	Public Health & Policy
1630-1645	1012	Pilot Test of the First Government Mandate for Early Palliative Care in the USA	Cassel, B
1645-1700	964	Is End of Life Care a Priority for Policy Makers? Qualitative Analysis of Health Care Strategies in England	Sleeman, K.E
1700-1715	400	Duration of Palliative Care before Death in Routine Care: Systematic Review and Meta-analysis	Jordan, R
1715-1730	878	A Comparison of Patients' Palliative Care Complexity at Point of Entry into Hospice Inpatient, Hospital Consult and Community Settings: A National, Multi-centre, Cross-sectional Survey	Firth, A

1730-1745	879	An Innovative Screening Method to Improve Proactive Identification of Palliative Care Needs in Patients in General Practice: The Double Surprise Question	Engels, Y
1745-1800	378	Responding to Urgency of Need in Palliative Care: Use of Discrete Choice Experiment Methodology in Stage Two of the Development of a Palliative Care Triage Tool	Russell, B

Themed session: Research methodology- how to's			
1630-1650		Mixed methods research and the implementation of the MORECare recommendations	Todd, C
1650-1710		Challenges and opportunities in registry-based research in palliative care	Ekström, M
1710-1730		How to report and interpret negative and borderline study results	Grønvold, M
1730-1800		Discussion	

26 May

0900-1030

		Free communication session: Interventions and symptom control	Cancer and palliative care
0900-0915	849	Oral Care in a Sample of Patients Undergoing Palliative Care: A Prospective Single-centre Observational Study: IGOR Study	Mastroianni, C
0915-0930	970	What Works Best for Whom?: Exploring the Efficacy of Two Psychosocial Interventions in Palliative Care	Steinhauser, K
0930-0945	689	Palliative Sedation in Terminal Cancer Patients admitted to Hospice or Home Care Programs: Does the Setting Matter? Results from a National Multicentre Observational Study	Caraceni, A

0945-1000	985	Are You Ready for Therapy? – Patient Perspectives on Prerequisites for and Factors of Readiness for Participating in Non Medical Therapies	Wenzel, C
1000-1015	660	Systematic Review and Meta-analysis of Systemic Lignocaine Infusion for Cancer Pain in Adults	Lee, J
1015-1030	307	Anticoagulation for Cancer Associated Thrombosis at the End of Life: Review of a Case Series of 214 Patients	Noble, S

		Themed session: Early palliative care: Where to go from here?	
0900-0920		What do we mean by early?	Jennifer Temel
0920-0940		What is it and who is it for?	Thomas William LeBlanc
0940-1000		How to integrate palliative care into general practice?	Vittorina Zagonel
1000-1030		Discussion	

		Method discussion session: Qualitative Research Methods	
0900-0915	524	Human Connections in Dementia End of Life Care in Long Term Care Homes	McCleary, L
0915-0930	952	Compassion in the Margins: The Perspectives, Experiences, Challenges and Facilitators of Compassion According to Long Term Care Patients, their Family Members and their Healthcare	Sinclair, S
0930-0945	576	Qualitative Exploration of Advance Care Planning Conversations: Experiences from the ACTION Study	Caswell, G
0945-1000	630	Towards Better Integration of Palliative Care: A Qualitative Study with Healthcare Professionals Related to 19 Palliative Care Initiatives in Europe	Hasselaar, J
1000-1015	1002	With or Without You! The Big Difference of Having a Case Manager in the Outpatient Sector for Patients with Amyotrophic Lateral Sclerosis	Ates, G
1015-1030	405	Aging, Frailty, and Injury: Delivery of Prognostic Information to Older Adults and Caregivers	Maxwell, C

		Free communication session: Health Economics	Public Health & Policy
0900-0915	28	The Effects of Advance Care Planning for Frail Older People on Costs of Medical Care: A Cluster Randomised Controlled Trial	Korfage, I
0915-0930	968	Impact of Specialist Palliative Care on Hospital Readmissions: A “Competing Risks” Analysis to Take Mortality into Account	Cassel, B
0930-0945	259	Patterns and Determinants of Healthcare Use in the Last Year of Life among Older Adults in Ireland: Results from The Irish Longitudinal Study on Ageing (TILDA)	May, P
0945-1000	350	A New Preference-based Measure for Economic Evaluation of Palliative Care Interventions: POS-E	Dzingina, M
1000-1015	869	The Challenges of Analysing the Cost-impact of Palliative Care from Hospital Data: Is an In-depth Cost-analysis Approach Worth our Time?	Hagemann, M
1015-1030	949	Medical Care Cost of Dying: A Retrospective Population Level Economic Analysis of Different Dying Trajectories	Faes, K

1100-1230

		Free communication session: Symptom assessment	Cancer and palliative care
1100-1115	942	Relative Validity of an Emotional Functioning Short Form Based on the EORTC Computerized Adaptive Testing Item Bank in the International ACTION Study with Advanced Cancer Patients	Jabbarian, L.J.
1115-1130	1040	Evolution of Quality of Life, Functioning and Symptom Burden throughout the Disease Course in Advanced Cancer: Results from the Longitudinal European Palliative Care Cancer Symptom (EPCCS) Study	Verkissen, M.N.

1130-1145	477	Validation of a Simple Phenomenological Screening Tool for the Need for Specialized Palliative Care in a Mixed Cancer Population	Wendt, K.N.
1145-1200	134	Palliative Care and Associated Survival among Patients with Lung Cancer in a National Health System	Sullivan, D
1200-1215	597	What Is the Current Evidence for the Use of Delirium Screening, Diagnostic, and Severity Rating Tools in Adult Cancer Patients?	Bush, S. H
1215-1230	104	Process Evaluation of the 'Cancer Home-life-Intervention'	la Cour, K

		Themed session: The need for national research programs	
1100-1120		How to make end-of-life research sustainable in Switzerland	Markus Zimmermann
1120-1140		Palliative – improving palliative care in the Netherlands through research	Gerrit van der Wal
1140-1200		National funding in Germany – Palliative Medicine research streams	Christoph Ostgathe
1200-1230		Discussion	

		Free communication session: Education Research	Free standing session
1100-1115	1051	Do Canadian Family Medicine Trainees Provide Palliative Care to their Patients after Three Years in Practice?	Klujic, D
1115-1130	452	Palliative Care Education and Training Needs in Primary Care Settings: A Scoping Review of the Literature	Hsieh, J
1130-1145	213	The CHOICE Project: Developing an Educational Public Health Intervention to Inform Community Attitudes to Palliative Care	Collins, A
1145-1200	270	Training General Practitioners in Initiating Advance Care Planning in Dementia Care, Results of a Randomized Controlled Trial	Tilburgs, B
1200-1215	977	Engaging Patients in Advance Care Planning through an Electronic Health Record Patient Portal	Lum, H
1215-1230	674	Towards Reliably Good Sustainable Care, Teaching and Research in Care Homes: A Paradigm Shift	Hockley, J

		Free communication session: Palliative care in diverse chronic illness	Free standing session
1100-1115	258	Occurrence and Correlates of Posttraumatic Growth among Patients with Advanced, Non-curable and Life-limiting Diseases: Preliminary Results of a Systematic Review	Rohe, M
1115-1130	207	Generalist and Specialist Palliative Care for Patients with Non-malignant Respiratory Disease: An All-Ireland Qualitative Study	Mc Veigh, C
1130-1145	498	Predictors of Palliative Care Needs of Patients with Chronic Diseases	De Carlo, M
1145-1200	635	Palliative Care in Critical Care Units: A Systematic Literature Review	Teixeira, R
1200-1215	536	Depression Symptoms among Patients with Cancer, Cardiovascular, Chronic Respiratory Disease or Diabetes in Outpatient Hospital Settings: A Two Country Study	Namisango, E
1215-1230	332	A Library of Instruments Endorsed by Published Systematic Reviews for Assessing Patients and their Care	Bennett, A

1330-1440	Plenary III	Speaker	Comment
1330-1345	The Impact of Supporting Family Caregivers Pre-bereavement on Outcomes Post-bereavement	Aoun, S	
1345-1400	A Patient and Clinician Communication-priming Intervention Increases Patient-reported Goals-of-Care Discussions between Patients with Serious Illness and Clinicians: A Randomized Trial	Randall, CJ	
1400-1430	Cicely Saunders anniversary	Clark, D	
	Closing ceremony		
1430-1435	16 th World Congress of the EAPC in Berlin 2019		
1435-1440	11 th World Research Congress of the EAPC in xx 2020		
1440-1450	Greetings from EAPC	Ostgathe, C.	
1450-1500	Closing remarks	President of university
